Career Objective:

"Motivated student with a strong curiosity for data analytics, seeking an internship to develop practical skills in Python and machine learning libraries".

Education Qualifications:

Qualifications	Name of institute	Passing Year	Score/Grades
B.Tech(Information Technology)	RK University (Tramba– Rajkot)	2024 - 2028	Sem – 3 9.10 CGPA
H.S.C.	Panini Science School	2024	91% - A2
S.S.C.	Patanjali Vidhyalaya	2022	78% - A2

Project Work:

- **Project 1: MNIST Handwritten Digit Classifier**
 - **Developed** a neural network (Multilayer Perceptron) and a logistic regression baseline in Python to classify handwritten digits with approximately 98% accuracy.
 - **Utilized** scikit-learn, NumPy, and matplotlib for data handling, model training, evaluation (confusion matrices), and visualization.
- **Project 2: Real Estate Price Prediction Model**
 - **Engineered** a regression model (e.g., Linear Regression, Random Forest, or XGBoost, depending on what you used) to forecast residential home prices based on historical data.
 - **Applied** data cleaning, feature engineering (e.g., square footage, number of bedrooms, location data), and cross-validation techniques to optimize model accuracy and mitigate overfitting.

Competitive Examinations:

- Qualified in Gujarat Common Entrance Test – 2024 with 76.95 Percentile Rank

Certifications & Awards:

- NPTEL ONLINE Certification for completing “the joy of Computing using Python” with a consolidated score of 77% {ELITE}
- Certificate for participation in “Code Cracker” of “Techno planet” organized on October 2025 and 2024 at The RK University.
- Certificate for successful completed the course at Office Automation (Course on Computer Concept – CCC) & has been Awarded with A grade
- Certificate for participated in State level Science Expo – 2024 organized by Christ College Campus, Rajkot on January 10, 2024
- Certificate for participation in “Advanced Drone Technology” by Bharat Space Education Research Centre held from August 15 to 17 2025.

Skills:

- Programming Language:
 - Python, Java, JavaScript, HTML, CSS, NumPy, Pandas, NLTK, Scikit-Learn, Matplotlib
- Basic Knowledge of C and C++ languages
- Basic Knowledge of MS Word, MS PowerPoint, MS Excel

Area of Interests:

- **Artificial Intelligence, Machine Learning, Python Development, Opensource Projects**
